MY LETTER OF INTENT

Reporter: “Why did you buy the Plaza ?” Donald Trump: “Why did I buy it ? Because it would have driven me crazy if anyone else owns it.”

Reporter: “Why ?

Donald Trump: “Because I’m looking at it everyday. How would I feel if anyone else owned it, wouldn’t that be a horrible feeling ? You come to your office, and you are looking to the most beautiful building I’ve ever seen, the Plaza Hotel, and someone else owns it. I feel guilty, so I had to buy it.”

I’ve always loved Harvard’s motto, Veritas.

When I was around 8-9 years old, I fell in love with what I believe to be a Levi’s tv commercial, about a fresh wedding couple.

A young beautiful blonde girl and a young black marine. They were at a gas station, fuelling their car after their wedding ceremony, on the way to their honeymoon. Both, of course, rocking their Levi’s jeans. And that was the best story I had ever been told. And I fell in love with that commercial. I fell in love with that situation. I fell in love with the idea of me falling in love, getting married, and building my house and my own family. I mean, what was I thinking when I bought The Swiss Love.com ? I am that Boy.

I am an African-born, Swiss-raised black man. I was born in Cameroon on February 2, 1979. My father was a politician, a governor. My mother was a student at that time and later she became a police officer. I came to Switzerland on a Swissair flight on August 1, 1983, after my mother, who was not married to my father, married a Swiss man in 1982. So my father stayed in Cameroon with his family, and I moved to Switzerland to join my mother and her family, but I was not adopted by her husband. Politically, I was my father’s son.

I grew up in Ticino, and I had the best childhood a boy can wish for. Life has its ups and downs, but everybody loves this boy, and after my eighteenth birthday I was given Swiss citizenship. So I am a Swiss citizen now. Since I’m black though, it’s easy for me not to forget my roots.

Please don’t ask me to explain to you why The Swiss Love Company is so valuable. Let’s just agree that The Swiss Love.com is priceless. That I am being nice setting the Company Valuation price at one Billion Swiss Francs. And that CHF 12,60 per share is a very generous offer.

And why should you buy some of my shares, right ? You will find your own answers. But I will say:

You like this brand, **TheSwissLove.com**. You think that it’s beautiful, special and precious. You see its potential. And you want to own a piece of it. So you can shape it. Make it yours before it’s too late.
